

William Szentmiklosi

I have been in the sport since 1974. Titled 10 dogs and competed at all levels of competition in the United States for Sch/IPO/IGP/DPO/FH.

I retired from police work after 33 years. Two of my dogs were also my service dogs in police work. Currently teaching helper and teaching judge. I wrote the judges program for new judges and attended WUSV meetings in Germany back in the day. I have had the opportunity to judge the police dogs in Hungary. Judged and attended/performed seminars in Canada, and Australia and in the US.

After my first retirement I was manager for an HOA with 30,000 plus homes. Created a budget that went from shutting down to assets of over \$200K. I started a successful printing and promotional ad company and sold it for my third retirement.

“Doing something special with your dog, and achieving success is a great accomplishment, no matter what the points are”
